YT-8BL-1

Single-needle, Long-arm, Unison-feed, Lockstitch Machine with Horizontal-axis Large Hook

Special features & applications:

- This machine is equipped with unison feed mechanism and wide working space, suitable for sewing heavy weight materials and huge articles. Such products as: furniture, car seats, sofas, tents, tarps, awnings, truck covers, field covers, fabric structures and heavy bulky products, etc.
- With its generous 762mm(30") of free space under the arm and powerful unison-feed, the machine is ideally suited to sewing processes require a larger space under the arm. Typical examples are the sewing of car seats and furniture.
- Equipped with large hook, the bobbin has a twice larger capacity than that of regular hook. This is convenient for long materials sewing as well as with thick thread.
- Equipped with walking foot, needle feed, and feed dog, all of which act completely in unison. Consequently, the upper or lower sewing material does not slip and also this machine can sew accurately and easily several sheets of heavy weight materials piled up together.
- Horizontal axis rotating hook with automatic hook lubrication, easy maintenance and quick change for bobbin.
- The machine is equipped as standard with a safety clutch for preventing hook breakage. Reset work can be done simply by pressing a button.
